

## Nursery children 30-funded hours

We offer the 30 hours entitlement as follows:

Your entitlement is 30 hours a week over 38 weeks. The funding will be stretched over the 50 weeks that we are open leaving you with 22.8 granted hours a week. The remaining hours are to be paid for.

**The 30 hours will not be offered as part time sessions or as a term time only option.**

For the days you receive your free entitlement you will be charged an optional £83 month for food – this includes a hot lunch and pudding as well as morning and afternoon snack. Please note 50% discount on food for a full-time space. For more information, please see the T+C's.

If your child only attends for two days a week you will have 2.8 hours remaining to use at another setting if you choose to. You can split your 30-hour funding between other settings, but only two on the same day. You must choose how to allocate the funding on the Parent Declaration Form (we can fill it in with you).

If you choose to split your funding with another setting, please inform us A.S.A.P. If you receive funding from two settings in error you will be required to pay back the over payment in full.

### September to August fee calculation is as follows:

- Multiplying the hours to be paid for per week x £7.50 (hourly rate)
- Multiplying by 50 weeks
- Dividing it by 12 to calculate a monthly fee
- Plus £83 for food on the days you receive your free entitlement

Two days a week: 20 hrs minus entitlement of 22.8 hrs. = 2.8 hours remaining  
Plus £83 for food on the days you receive your free entitlement  
Monthly fee = **£83**

Three days a week: 30 hrs minus entitlement of 22.8 hrs. = 7.2 hours to be paid for  
7.2 hrs x £7.50 x 50 weeks divided by 12 months = £225  
Plus £83 for food on the days you receive your free entitlement  
Monthly fee = **£308**

Four days a week: 40 hrs minus entitlement of 22.8 hrs. = 17.2 hours to be paid for  
17.2 hrs x £7.50 x 50 weeks divided by 12 months = £537  
Plus £83 for food on the days you receive your free entitlement  
Monthly fee = **£620**

Five days a week: 50 hrs minus entitlement of 22.8 hrs. = 27.2 hrs to be paid for  
27.2 hrs x £7.50 x 50 weeks divided by 12 months = £850  
Plus £41 for food on the days you receive your free entitlement  
Monthly fee = **£891**
